presents

AT in the Trenches: Applying Assistive Technology in the Classroom

October 28 and 29, 2019

Saskatoon Inn

Saskatoon, SK

Presenter:

Kathy Howery, PhD

ABOUT THE SPEAKER

DR. KATHY HOWERY

Dr. Howery began her career over thirty years ago seeking to help students with the significant disabilities learn and share their voices in the world. Since that time Kathy has worked in a variety setting including the I CAN Centre for Assistive Technology at the Glenrose Hospital in Edmonton. From 2004 to 2008 Kathy was seconded to work for Alberta Education as the lead for the Assistive Technology for Learning Initiative. Kathy has taught graduate level courses in Assistive Technology, Learning and Development, Special Education, Universal Design for Learning, and Augmentative and Alternative Communication. Kathy has presented at scores of educational conferences at both the national and international level including International Society for Augmentative and Alternative Communication (ISAAC), Assistive Technology Industry Association (ATIA) and the Council for Exceptional Children (CEC). Kathy has also presented in the area of supporting children and youth with Complex Communication Needs, and in the area of Universal Design for Learning (UDL), at numerous conferences in Alberta, British Columbia, and Quebec.

Kathy provides ongoing consultation to Alberta school jurisdictions in the areas of assistive technology and supporting children and youth with CCN in developing language and literacy skills. Most recently Kathy is working under contract with Alberta Education as part of the Provincial Wide Low Incidence Collaborative Supports team with primary responsibility in the area of complex communication needs.
